

FIRST INTERCAP CONFERENCE IN LITHUANIA: COMPLETED!

The 1st Annual InterCap International [Conference](#) “INTERNATIONAL MIGRATION, SUSTAINABLE DEVELOPMENT AND DEVELOPMENT EDUCATION: WAYS FORWARD” successfully took place in Theater hall, Vilnius University, Universiteto st.3, Vilnius (Lithuania) on 12 October 2018. The conference was organized and hosted by Diversity Development Group assisted by all project partners and in cooperation with two associated partners: The Nordic Council of Ministers office in Lithuania and the Vilnius University. The conference aimed to address the emerging concern on the way in which public perceptions of (in)security influence the understanding of international migration on one hand, and creates unfriendly public and political discourse around asylum, migration and integration issues on the other hand.

The conference was attended by more than 60 participants: education actors, decision makers, public servants, local education authorities, instructional designers, teacher trainers, pre-service and in-service teachers, school staff and the general public. The conference consisted of two parts: session of presentations delivered by experts and 4 workshops. Participants discussed about sustainable development goals, international migration as well as global inequalities and migration policies.

The conference proceedings are available [here](#).
The conference was live streamed and all six key note speeches are available [here](#).
