

## Invitation to participate in the research project „Strengthening the competencies of the Municipalities providing services for non EU nationals“

---

NGO „[Diversity Development Group](#)“ carries out a research study that is a part of the project “Strengthening the competencies of the Municipalities providing services for non EU nationals”. The study aims to understand the needs of non-EU nationals and challenges they face related to access to and quality of healthcare, education, childcare, social and other services they receive, as well as other infrastructure or initiatives relevant to successful integration.

**We kindly invite you to participate in the study if you:**

- Live in Lithuania for more than one year and hold a temporary or a permanent residence permit;
- Especially, if you have pre-school and school age children (priority, but not mandatory)
- Would like to tell about your life in Lithuania and share what obstacles you face here.

The duration of the interview – approx. 1.5 hour. We are able to conduct interview in Lithuanian, English or Russian.

**We ensure anonymity and confidentiality for the participants of the research.** All information provided during the interviews will be anonymized – all your personal data that could identify you will be removed. The records will be used for the research purposes. Research results will allow municipalities to improve their services.

If you **would like to participate in the study**, please contact researcher Giedre Blazyte:

**E-mail:** [giedre@diversitygroup.lt](mailto:giedre@diversitygroup.lt)

**Phone:** 8 618 51228

**We are looking forward to meeting you!**
